Invitation

It is with great delight we welcome sponsors and exhibitors of the 19th International Symposium on the Physics of Semiconductors and Applications (ISPSA 2018) to be held at the Ramada Plaza Jeju Hotel, Jeju, Korea from July 1 to 5, 2018.

The ISPSA 2018 will be attended by eminent semiconductor devices expertise whose are the core drivers of the technologies, the application of fundamental physics to the newest technologies and devices. Sponsors and Exhibitors are essential and key partners to the symposium, demonstrating equipment and expertise integral to symposium's strength and educational value. Your participation will complement the symposium with a successful exhibition, allowing the global community to experience the latest technologies affecting the practice today.

Plan now to be a sponsor and exhibitor during this exceptional 4-day direct marketing opportunity!

We encourage you to take this opportunity to advertise your company and promote your company's products during the congress. Your active participation in ISPSA 2018 will enhance your company's leadership image and credibility in addition to making great beneficial contributions to the field of the application for fundamental physics to the newest technologies and devices, such as graphene, topological insulators, Nano-bio devices and all related fields.

We thank you in advance for your support. We are confident that together we can bring forth a highly successful and profitable symposium!

Thank you very much.

Sincerely,

Yong Min Kim
General Chair, ISPSA 2018
Prof., Dankook Univ., Korea
Chair, Semiconductor Physics Division, The Korean Physical Society
